PURDUE IRONHACKS

1 WHAT IS **PURDUE IRONHACKS**?

A 21-day, 4 stage hack that uses open data to tackle challenges in the areas of health, housing, travel, energy and food.
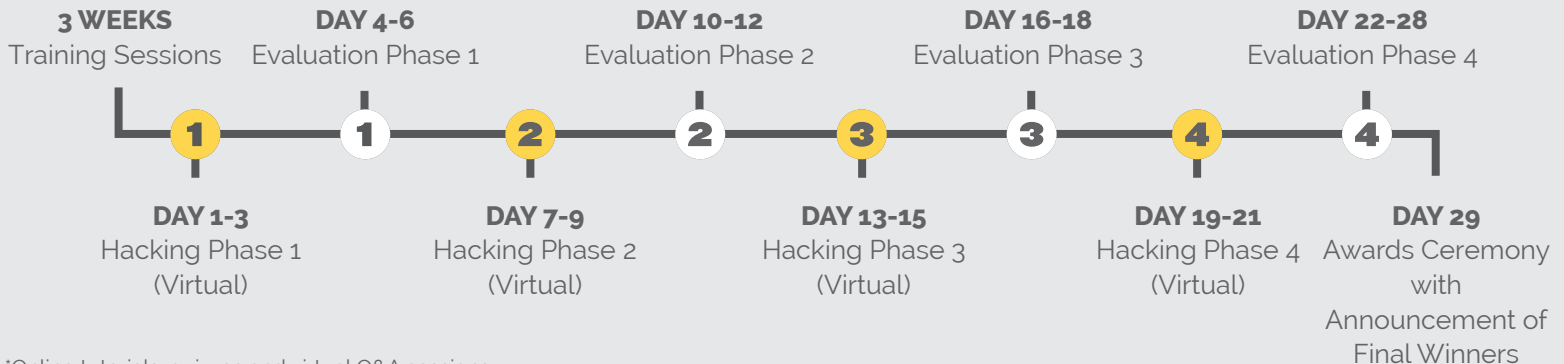

2 WHAT DO I **CREATE**?

» Create a web application using open data.
» Mashup at least 2 open data sets from data.gov.
» Make the data useful and interactive.

3 HOW WILL MY SUBMISSION BE **EVALUATED**?

The application will be evaluated by experts based on 4 main criteria:

1. Technology
2. User Requirements
3. Usability
4. Novelty

4 WHAT IS IN IT FOR **ME**?

» Amazon gift cards
  » Best Solution $500
  » Winning Spirit $250
  » Community Spirit $150
» Internship opportunities with IronHacks sponsors Socrata, Red Hat, US Government, and others

5 HOW CAN I **PARTICIPATE**?

» Sign up here: **www.ironhacks.com**
